- 24-month warranty period from the production date
- expert advice and technical support

**JOIN US IN THE CHALLENGE  
FOR A CLEANER ENVIRONMENT**

Folgos

**ecoWASTE**

ECOLOGICAL STRETCH FILM  
FOR WRAPPING WASTE

**Application and features of ecoWASTE film:**

- the film is specifically designed for wrapping all different kinds of waste
- dedicated to all types of wrappers available on the market today
- multilayer structure of the film ensures high barrier properties
- high tear and puncture strength means bales are better protected from breaking when wrapping
- high tensile strength which means the film is well suited for wrapping heavier wastes
- Eco Stretch Film has a high adhesion quality between the film layers encapsulating the material but also reducing the risk of leakage and odours
- bidirectional orientation of the film helps to maintain correct bale shape
- stretchability of the film: 50% - 70%

**We offer:**

ecoWASTE				
id	colour *	thickness	width	length
FB500	white	25µm	500 mm	1800 m
FZ500	green	25µm	500 mm	1800 m
FC500	black	25µm	500 mm	1800 m
FB750	white	25µm	750 mm	1500 m
FZ750	green	25µm	750 mm	1500 m
FC750	black	25µm	750 mm	1500 m

\* other colours available on special client's request

**EcoWASTE Repellent**

We also offer special rodent-repellent wrap film,  
designed to protect the bales against bird and rodent attacks.
